

CAMPAIGN NOT MAKING THE DESIRED PROGRESS

WANESE SENDS APPEAL TO ALUMNI.

A Statement She Asks the South to Take Notice of Her War Record.

Campaign leaders of the University of the South's million dollar endowment, which is the largest in the South, state that the drive is not making the desired progress, and are sending out urgent appeals to Sewanee alumni asking them to take an interest in the huge undertaking.

Sewanee is proud of her alumni. It is counting on that body of men who, though their former alma mater is no longer the same, are still proud of her. They are asking them to get behind the drive, and to help in the huge undertaking.

The little school on the mountain is probably turned out more men than any other in the South. It is the pride of the South, and its size in the United States is 10 per cent. of the bishops of the Episcopal church in America.

Three of the alumni were members of the United States senate at the same time. They are Roy Perry, John Sharp Williams and Luke Lea. This is a distinction which is held by no other university in the United States. The most intimate with the last two presidents are Sewanee men—Archie Butt, before he lost his

life in the Titanic disaster, was aide to President Roosevelt and President Taft, while Admiral Cary T. Grayson was the White House physician during the Taft administration and is holding that position in Washington today. Campaign leaders have received the following telegram from the admiral, who is usually interested in the outcome of the drive:

"Bishop A. W. Knight, Chattanooga, Tenn.
"Have been watching progress of the Sewanee campaign with the keenest interest. As an alumnus of Sewanee, myself, I can testify that she is one of the most vital units in the service of the Episcopal church in the South. It is the height of wisdom to equip Sewanee that she may be better prepared to produce the type of leaders so much needed at the present time. The church has a wonderful opportunity in Sewanee."

"CARY T. GRAYSON."
Sewanee is asking the south to take notice of her war record, which is unsurpassed by any university of the same size in America. Over 40 per cent. of Sewanee's sons who were available for military service answered the call, a goodly portion of whom held first-grade commissions. Times major-generals, one rear admiral, eight colonels, fifteen majors and hundreds of captains and lieutenants belong to the Sewanee alumni. Seventeen Sewanee men received the distinguished service cross and the croix de guerre. Twenty-five per cent. of the Sewanee men who belonged to the aviation corps were recommended for the distinguished service cross.

In addition to this, Sewanee's roster harbors the names of Maj. R. M. Kirby-Smith, who conquered the dread typhus fever epidemic in Ser-

Gary Union Hotel Burns Incendiarism Suspected

Chicago and Canton Situation Unchanged—Poster Makes Addresses.

Gary, Ind., Oct. 29.—Soldiers on strike duty in the steel mill section of the city aided in the rescue of a score or more of women when the Union hotel here was partially destroyed by fire early today. Reports that the fire was of incendiary origin resulted in three investigations being ordered, one by the military authorities, one by the police and the third by the state fire marshal's office.

W. Z. Foster to Speak.
Canton, O., Oct. 29.—Following a night of quiet around the steel plants interest today in the Canton strike situation turned to the scheduled address of W. Z. Foster, strike leader, who is to speak in Eagles' hall this afternoon. Police say they do not anticipate any trouble at the meeting. Reports from the plants crippled by the strike are that more men went to work this morning in a recovery of the situation. The managers to men to return under promised protection of the state, county and city.

No Marked Change.
Chicago, Oct. 29.—General conditions in the Chicago steel district, now affected for more than five weeks by the strike of steel mill workers, today showed no marked change from the last few days. Chief interest still centered at Gary, Ind., where one strike leader said the strike had been lost through use of federal troops, and the mayor had requested that the soldiers be not withdrawn for fear of a recurrence of radical activity that would jeopardize lives and property.

Slowly Improving
President Wilson Has Another Restful Night.

Washington, Oct. 29.—President Wilson's slow progress towards recovery was advanced by another restful night, according to White House officials today. The president's strength is slowly returning, according to Dr. Grayson and he now is able to actually enjoy his meals. His diet, selected for strengthening food properties is strictly adhered to, but his range is wide and the president's appetite is being kept on edge.

During the world war, and Maj. Gen. William C. Gorgas, who made the construction of the Panama canal possible by the eradication of yellow fever and malaria in the canal zone.

With this record behind them, campaign leaders are positive that the south will be made to realize the vital importance of Sewanee. The church institution and that the million dollar endowment will be over-subscribed.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

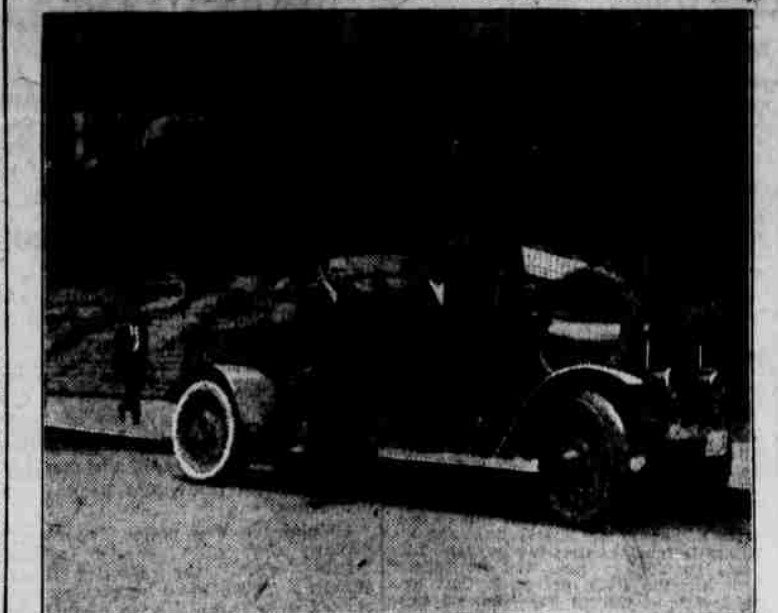

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear away if you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

U. S. Standard Weight Car Here to Test Scales in City

Above is a cut of the standard car sent out by the United States bureau of standards. M. J. Harrison and F. J. Rawson, in charge of the car, and T. F. Mahoney, local sealer of weights and measures, are the three persons shown.

A car containing a complete sealer's equipment, consisting of 2,300 pound test weights, and other smaller weights, sufficient to make a complete test of scales, is now in the city for the purpose of co-operating with the department of weights and measures.

This car has been sent out by the United States bureau of standards in an effort to establish correct standards of weights and measures all over the country. It was first sent out for the purpose of testing miners' scales, in an effort to settle strikes caused by the miners' claims that they were being defrauded by payment based on incorrect weights.

The car is in charge of M. J. Harrison and F. J. Rawson, and has been brought to the city by the request of T. F. Mahoney, city sealer of weights and measures. Mr. Mahoney, who is the only member from the south on the executive committee of the bureau of standards, has secured the cooperation of the bureau in his campaign against incorrect scales and measures in Chattanooga. During the past week six incorrect scales were found and confiscated by the sealer of weights and measures. Some of these scales were found to have an inaccuracy amounting to as much as a half pound. In the last few days inaccurate scales have been found in Harrison's grocery store on Missionary avenue; Adcock's grocery store on Twenty-second street, and Wise's grocery store on William street. Inaccurate scales have also been taken from the Union restaurant, on Market street.

The city sealer of weights and measures has received many complaints recently concerning packages of pepper which are said not to contain the required amount. Formerly, small packages from two pounds down to one ounce were required to be marked with the net weight, but a recent federal ruling requires that all packages containing more than one-half ounce avoidments must contain a statement of the quantity.

Friday is Halloween Day; Ghosts and Spooks Reign

Holiday Handed Down From Celts—Ranks Next to Christmas in Importance on Juvenile Calendar.

Friday is the vigil of Halloween, or All Saint's day, commonly called Hallowe'en. The day probably ranks next to Christmas in the calendar of children. It is a question whether the boys of Hallowe'en are not excelled by those of Thanksgiving.

The observance of Hallowe'en is an inheritance from our Celtic ancestors, who saw fairy footprints in the moss and heard the wail of demons in every autumn blast. They were canny, cautious souls, and even after they had become converted to Christianity, they did not wholly forewear allegiance to the spirits whom they thought inhabited field and wood and stream.

These spirits were supposed to be unusually active on All Hallowe'en's eve.

Perhaps the custom of lighting a bonfire on every hearth may have originated in the attempt to drive away the manifestations of their presence, which were unusually lively on this occasion. At any rate, the lighting of the hearthfire was an important part of the ancient observance of Hallowe'en.

Along with this rite went a host of WHITE WAY CAFE CLEARED

New York, Oct. 29.—While the United States senate was passing the prohibition enforcement bill over the president's veto Tuesday the proprietor of a famous "white way" cafe was put on trial here for selling liquor in defiance of the law. Numerous bottles, flasks and demijohns seized in the cafe were arrayed in court and Thomas A. Gleason, a government chemist, took the stand.

Sample after sample was passed to Mr. Gleason, who consulted his palate and pronounced in succession: "Rye whiskey," "Scotch whiskey," "ginger ale highball," "Sherry wine." The jury looked and listened, retired and in a few minutes reported—not guilty.

Mr. Gleason said his power of tasting was not in the least affected by his testimony.

RUSS HEROINE WEDS YANK

New York, Oct. 29.—A bride who was once a member of the famous Russian women's "Battalion of Death" arrived here yesterday with her husband, Harry C. Menesee, of Covington, Ky. Mr. Menesee served in the army and was later attached to the peace commission as a clerk.

Mrs. Menesee was formerly Agnes Rostkova, daughter of a Russian general. She joined the "Battalion of Death" when she was 17, was wounded twice and taken prisoner by the Germans. Mrs. Menesee wore the decorations of the Croix St. Ann and Croix St. George.

"Premier" Electric Vacuum Cleaner saves time for indoor rest and outdoor pleasure. Gottschalk & Co. (Adv.)

LEAGUE OF WOMEN

Purpose is to Complete the Enfranchisement of Women. 29.—The Minnesota League of Women Voters was organized here yesterday for the purpose of "completing the enfranchisement of women and increasing the effectiveness of women's votes for better government."

Several women nationally prominent in the suffrage movement and delegates from practically every county in the state were present when women of the former Minnesota Woman's Suffrage association, which disbanded yesterday, formed the new organization.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching, torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases. Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress. The E. W. Ross Co., Cleveland, O.

Paris Poor Already Feeling Pinch Due to Coal Shortage

Paris, Oct. 29.—Governmental and municipal authorities and coal merchants virtually admit the impossibility of finding a remedy for the situation which has arisen here because of the coal shortage. Although cold weather has not yet really begun, Paris is already feeling the pinch and there is some suffering in the poorer quarters of the city.

The municipal council yesterday discussed the situation and reached the conclusion that within a few weeks coal will not be available, not only for private houses, but also for public utility services.

Coal stocks in Paris amount to approximately 30,000 tons, with only 2,000 tons arriving daily. The city needs 10,000 tons per day in cold weather. Wood and petroleum are being used as fuel, but stocks of these are also becoming depleted and their use will only postpone the critical situation a short time.

To Fortify the System Against Grip Take LAXATIVE BROMO QUININE Tablets, which destroy germs, act as a tonic and Laxative, and thus prevent Colds, Grip and Influenza. There is only one "BROMO QUININE" F. W. GROVE'S signature on the box. 10c. (Adv.)

CALL TO ROTARIANS

International President Appeals to All Clubs to Help in Red Cross Roll Call. Adams, Oct. 29.—(Special.)—Alfred S. Adams, of Atlanta, president of the International Association of Rotary Clubs, has issued to all the Rotarians a strong appeal for their support of the third Red Cross roll call, which begins Nov. 2. Mr. Adams' word to the members of this great and influential association is as follows:

"Rotarians who co-operated so loyally with the Red Cross during the war, please

TO TONE UP THE SYSTEM

King, N. C.—"I wish to say that I find Dr. Pierce's Golden Medical Discovery and

Favorite Prescription the best tonic on the market.

"My wife says she would have been dead had she not taken Dr. Pierce's Favorite Prescription. One bottle always kept her straight when she got weak and run-down. I took a bottle of 'Golden Medical Discovery' and the result was a gain of one and one-half pounds in weight. It's fine to tone up the system, better I think than cod-liver oil."—J. WALTER TUTTLE, Route 2.

WOMEN WITH BACKACHE

Chattanooga, Tenn.—"Dr. Pierce's remedies have been a great help to me. I had become all run-down in health due to my having inward weakness. I was nervous and weak and could not eat or sleep. I suffered with backaches and dreadful pains in my head. I was miserable when I began taking Dr. Pierce's Favorite Prescription and also Dr. Pierce's Golden Medical Discovery and from a physical wreck these medicines restored me to health and strength. I could eat and sleep well and was in better health than I had been for a long time previously."—MRS. A. D. COCHRAN, 105 Whiteside St.

BRONCHITIS

Alton Park, Tenn.—"Dr. Pierce's medicines have been used a great deal in my family with the very best of results. I had a girl that had chronic bronchitis and I never found anything that would give her relief until I began giving her Dr. Pierce's Golden Medical Discovery and it gave her more relief than all other medicines put together. I have taken 'Golden Medical Discovery' for stomach trouble and it was excellent for this ailment; it purifies one's blood and seems to set upon, and build up one's whole system in a good healthy state. 'Golden Medical Discovery' is a splendid family medicine and I take pleasure in recommending it."—MRS. J. A. BEAN, 1500 Highland Ave.

riod may be counted on to continue their full measure of co-operation with the Red Cross in the completion of its war work and its conduct of the after-war program. As president of the International Rotary, I would request every Rotarian to assist the Red Cross chapter in his local community in collecting the Red Cross members in this campaign. There has never been a time in our history when it was more necessary for every one to prove his 100 per cent. Americanism, and through the Red Cross every one can give expression to this spirit. There should be no falling off in the membership of this wonderful organization, and there should be a tremendous increase in the response to its call to patriotism."

Don't go Dear

A simple, perfectly safe, pleasant home remedy to head aches (bruising, swelling, itching, etc.) and sore throat. Assisting headache, neuralgia, toothache, etc. Put it in your case. Get it at any drug store. Easy to use. Free for every one. This is genuine; you found it at last! Bring new happiness into life. Show others this way.
